EUROPACK offer new concept family packaging for 20/24/30 eggs which brings new possibilities for shelf presentation and also to enable better packing centre efficiencies together with possible cost reduction

EP EVO 1x20 Jumbo

EP EVO 1x20

EP EVO 1x24

EP EVO 1x30

## Unique advantages of EP EVO 20 / EVO 20 Jumbo / EVO 24 / EVO 30:

-  **Modern** appearance and merchandising
-  **Lightest** egg packaging material available
-  Warehousing and transport **cost reduction**
-  **Dust free** process = healthier work environment
-  **Egg breakage reduction** due to strong and robust design
-  **Clear view** and hygienic aspect
-  High **efficiency** on packing lines
-  Completely **recyclable**

➤ **Automatically (Fully-automized) or manually (Semi-automized) closing brings higher efficiency.**

Ideal solution for automation of clear packaging for 20/20 Jumbo/30 eggs – built to apply and close lids for Europack's 20/30 egg packs. The machine can be adapted to all known grading lanes.

**AUTOMATED LID APPLICATION & CLOSURE SYSTEM AVAILABLE**

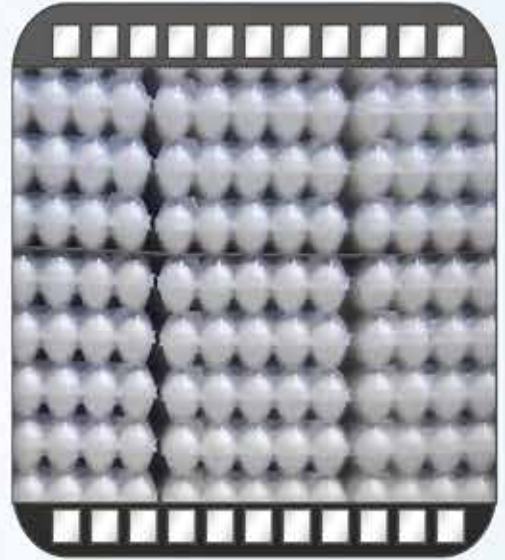

➤ **The smallest family packaging available**

Less space for warehousing, transport and shelf presentation in comparison with conventional packaging. **Fitting to EURO palettes.**

## ➤ Ready made at the end of the line

(No further processing necessary - no foiling, handling, additional packing...)

## ➤ Show your eggs in supermarket

## ➤ Available in different colours and also with direct print
